ON THIS INDEX MUST NOT BE
CONSIDERED AUTHORITY

Order maps by quoting series and sheet number
Example:- Series M752, Sheet 3226 IV

SERIES DESCRIPTION
TYPE : Topographic : Coloured.

FORMAT : 15°N.S x 20' E-W; Transverse Mercator
Projection : 1,000 metre UTM grid.

SYMBOLS : AMS

SOURCE : Compiled by AMS from Topographische Karte
1:25,000, Generalstab des Heeres or Reichsamt für
Landesaufnahme; planimetric detail revised by
photo-planimetric methods.

CHARACTERISTICS : International (prewar 1937)
boundary delineated; in addition, where necessary, an
index to boundaries indicates postwar boundaries or limits
of administration. Relief indicated by contours : spot
elevation in metres. Populated places shown by tint and
building symbols. Roads classified by surface, width and
weatherability : railways symbolised by gauge and number
of tracks; foreshore and offshore detail shown:
Vegetation shown by tint; coverage diagram; glossary.
