

Register today for Fantastic Futures 2019

2nd International Conference on AI for Libraries, Archives, and Museums

Stanford University, December 4-6

WHAT CAN WE DO WITH AI? WHAT SHOULD WE DO?

December 4: Plenary Sessions and Reception

Keynote speakers: Joanna Bryson and Bryan Catanzaro
AI and Cultural Heritage Demos
Democratizing AI Demos
Musings on AI and Visual Art
A Discussion of Data Privacy and Data Ethics

DEVELOP NEW SKILLS

December 5: Workshops for everyone

Experts from libraries, archives, and museums will give instruction in working with text, images, audio/video, and historical maps as well as project and program design.

BUILD COMMUNITY

December 6: Unconference community-defined program

This is an opportunity to put lessons learned in the previous two days to work, build community, and forge new directions.

\$250 for all three days. Registration increases on November 12.
