A GEORGIA TEACHER QUALITY
HIGHER EDUCATION PROGRAM

Satilla Watershed Program

See cool interesting critters and Georgia's pristine beauty!

Study local issues to become part of the solution!

The Journey: June 15—23, 2009

- Day 1: History of Water Resources
Using the Internet to Download Data
- Day 2: Ecological vulnerability, virtual assessments, and a field site visit.
- Day 3: Georgia's Aquatic Ecosystems
- Day 4: Wild and WET Certification
- Day 5: Georgia's Terrestrial Ecosystems
- Day 6: The Human Factor
Satilla Riverkeeper Program
- Day 7: Day At Okefenokee
- Day 8: Offshore on R/V Anna

Follow - Up: Fall 2009

- TBD: Learning Experiences – Design, assessment, and presentation
- TBD: Data Collection for Classroom Use
(Program will pay for substitute teacher)

Take Home Valuable Resources!

Share learning experiences and bond with fellow science teachers!

Work with state biologists and scientists in the field!
