

# Stock Trailer for Sale

\*2011 custom-built show trailer perfect for pigs, sheep, goats, or cattle

\*Has been used minimally and washed after each use – in excellent condition

- 6' wide x 6' high, heavy duty package by Bee trailers featuring Galvannealed sheeting
- Diamond gravel guard on front and fenders
- Lexan track installed around open sides and gates to allow for complete enclosure if you chose to install lexan for the winter months or add an air conditioner in the summer
- 3' high removable combination gate just inside rear doors to keep small animals from stepping out when rear doors are open (slide on left side)
- Combination center divider gate
- 4' tack area with shelf and spare tire
- 2 dome lights and breaker box with 2 outlets
- Custom fitted rubber mats in stock and tack area
