

STUDY ABROAD CERTIFICATE PROGRAM

ABOUT

The Study Abroad Certificate Program was created to provide students with a complete study abroad experience (before, during and after your journey). Each session is tailored to give students a better understanding about the entire study abroad process.

Students will gain insight on:

- Choosing a program that best fits your goals
- Finding resources for scholarships/funding
- Staying safe and healthy abroad
- Integrating yourself into your host community's culture
- Budgeting before and during your program
- applying your experience back into the job market

GUIDELINES

- Must attend at least three pre-departure workshops
- Required attendance at the "Health & Safety Abroad" workshop before departure
- Must attend the "Marketing Your Study Abroad Experience" workshop upon return
- Consider sharing your study abroad experience with student peers
