

Electronic Document Submission

South Region for FY15

All electronic submissions must be in PDF format!!!

- **All Electronically submitted material must be complete** (i.e. pictures, signature pages) and submitted in its entirety in a single document. We will not be able to add pictures or signature pages that get submitted separately.
- **Applications will only be accepted in PDF format.** There are many ways to accomplish this. Simplest way would be to complete the entire document with pictures and needed signatures and then scan the document and save as a PDF.
- Applications that are printed from our office will only be printed in **black and white**.
- Please research your own email capabilities before relying on electronic submission. Some School systems may **limit file size** thereby eliminating this as an option.
- Electronic submission is only an **option...not a requirement**. If you want a high quality color application in a nice award folder...please submit by mail or by mailbox located in ABAC student center
- All documents should be emailed to Applications-SouthRegion@gaaged.org.
- **National Chapter Awards and Officer Books cannot be submitted electronically.**

FFA Items that can be submitted:

Proficiency Applications

- A hard copy and an electronic copy **must** be submitted for all applications that advance to the state level of competition.
