

Junior Practicum #1: Applying a Commercial Dog Muzzle

Jack's owner brings him into the clinic for a nail trim.

When you attempt to restrain him, he growls and tries to bite you. The veterinarian instructs you to put a muzzle on him. Please explain each step as you demonstrate the proper procedure for applying a commercial dog muzzle.

Junior Practicum #2:

Removing a Dog from a Floor Level Kennel or Cage

Terry is a Bull Terrier who had surgery on her front left leg yesterday. Dr. Nguyen needs to check the leg and has asked you to retrieve Terry from the kennel and bring her to the exam room. Please explain each step as you demonstrate the proper procedure for removing a dog from a floor level kennel or cage.
