Dear Madison County Fair Livestock Exhibitors,

We are preparing in anticipation of the 71st Madison County Fair the week of September 24-28, 2019. It will be amazing with rides and food and livestock shows and making memories with old friends and making new friends.

This year we thought we would add some excitement to our livestock shows by selling t-shirts to commemorate our accomplishments during the week. I have attached a copy of what the back of the shirts will look like. Please take a moment and look over the attachment and place your order. You will need to send in your order along with your entries by September 6 in order for the company to get them done in time for the fair.

All of us have been to numerous shows over the years and seen a lot of different designs. We want to let our families and friends know where we have been and where we are going with our projects. You will notice on the design that a dairy cow is missing but we are getting that included. We don't want to leave anybody out.

Please let your family see this design and order for the whole family. It is not just limited to exhibitors only. If you have any questions let me know. My contact information is at the bottom of this page. I am available most days during the week after 5 P.M. by cell phone.

We encourage all the families to participate and help us by shining out light in Madison County for the rest of the show world to see.

Thanks a lot.
